

OGS Pty Ltd aim is to achieve an appropriate standard of care for the natural environment in all of the activities in which we are engaged, from design and construction to operating of our facilities, consistent with technical and economic feasibility.

It is the policy of OGS Pty Ltd that operations in the Company are carried out in compliance with statutory requirements with the minimum of impact on, and maximum protection of, the environment.

***D4 In order to protect the Environment an Environmental Plan will be prepared for all Projects and major Contracts. The Plan will establish Environmental objectives and targets and will be reviewed every six months and when there are legislative or other changes affecting OGS Pty Ltd's care of the Environment.***

This policy is of direct concern to all line managers who are in turn accountable to the Board of Directors. It is recognised that all employees have a major role to play in protecting the quality of our environment and the company will communicate regularly with them concerning our aims and individual responsibilities.

The company actively provides for, encourages, and supports the training of employees to act in accordance with the Environmental Procedures set out by the Company. The company will also identify, monitor and manage risks arising from our activities; seek on-going improvement in construction methods and production processes; inform our customers of our aims, and communicate with the community and governments about the potential environmental impact of our activities.

The company seeks the combined efforts of all employees to ensure the effectiveness of our Environmental Policy.
